**SAcommunity** – Connecting Up’s community services directory available online -  
[www.sacommunity.org](http://www.sacommunity.org)

## Introduction

Acronyms, initials and abbreviations are used with increasing frequency by governments and by organisations in all sectors of the community.

The popularity of acronyms has meant that some organisations have adopted their acronym as their name and have discarded the name from which it was originally derived. This can create confusion for anyone who is trying to find out who does what where.

**A-Z Acronyms SA** has been produced to help people find their way through the maze of acronyms currently in use in the community and government sectors in South Australia. Acronyms are listed with the full name and contact details of the organisations to which they refer.

Please help us to make this publication comprehensive by informing Connecting Up of new or additional acronyms that we can include in future editions
